

THE COALITION

The Colorado Patient Safety Coalition (CPSC) is a registered not-for-profit organization with IRS 501(c)(3) designation.

Mission:

To foster development of a statewide culture of patient safety in Colorado.

Participants:

Healthcare management, physicians, nurses, pharmacists, lawyers, institutions, regulators, purchasers and consumers.

SERVICES

Monthly Meetings:

Coalition meetings feature presentations and collaborative discussions on forward-thinking patient safety programs and trends.

Patient Safety Awards:

CPSC annually recognizes Colorado leaders in patient safety through the presentation of patient safety awards.

Annual Conference:

In addition to presentations from leading healthcare experts, CPSC's annual "Do No Harm" conference offers continuing education credits for healthcare professionals.

Annual Legislative Forum:

This venue provides an opportunity for patient safety concerns to be discussed with key stakeholders and legislative representatives.

Research and Projects:

Working collaboratively with other health care organizations, the Coalition initiates research and projects aimed at improving patient safety in our community.

SUPPORT & FUNDRAISING

In order to achieve its mission, the Coalition must raise funds to support its activities and programs. Based on its IRS 501(c)(3) not-for-profit status, the Coalition actively seeks corporate sponsorships and grants from public and private foundations. Support options include:

- sponsorship of the annual "Do No Harm" conference, including the conference scholarship program;
- contributions to support the Colorado Patient Safety Awards program; and
- grant support for collaborative research.

If you would like to learn more about the Coalition's fundraising program, please email the Coalition at: coloradopatientsafety@msn.com.
